OUTDOOR ADVENTURE EDUCATION

OAE also supports physical and mental well-being by promoting resilience, teamwork, and leadership. Students develop confidence in new settings and a respect for nature, preparing them for life's challenges.

Students in Years 3 to 10 have one OAE day every other week, with activities such as mountain walking, navigation, bushcraft, climbing, kayaking, canoeing, raft-building, and sailing.

Senior students focus on stress management, resilience, and goal setting to prepare for exams and life beyond school. We acknowledge the risks involved in OAE but manage them by equipping students with skills to identify, respond to, and self-regulate through proper instructions and equipment.
